UCSF TODAY & TOMORROW

SAT. FEB. 26 — FRI. MAR. 11 VOL. 2 NO. 10 UC-SAN FRANCISCO

Honors & Awards

BERNIE ZILBERGELD, Psychol., Human Sex. Prog.: Presented "Human Sexuality and Serious Illness" at the Second Annual Training Program in Rehabilitation and Terminal Illness Counseling, Berkeley; also along with SADJA GOLDSMITH, Clin. Instr., OB/Gyn: Spoke on "Dealing with Sex in Office Practice," at the Western Regional Meeting of the American College of Physicians, Las Vegas, Feb. 25.

EPHRAIM P. ENGLEMAN, Clin. Prof. Med.: Appointed to the National Arthritis Advisory Board of the NIH.

PAUL EKMAN, Prof. Psychol.: Recipient of gold medal at the 1976 N.Y. International Film and TV Festival for the instructional film, "Reading Clues to Emotion in Your Patient" of which he was author and director. Was based on a book entitled, *Unmasking the Face,* authored by him and Wallace V. Friesen. (Prentiss-Hall, 1975).

JERRY GOLDSTONE, Asst. Prof. Rsd. Surg.: Elected to membership in the Society of University Surgeons.

GEORGE F. SHELDON, Assoc. Prof. Surg., Chief SFGH Trauma Ser.: Elected to Editorial Board of Jrnl. Parental & Enteral Nutrition.

MOSES GROSSMAN, Prof. Ped. & SFGH Chief, Ped.: Re-elected president of the citywide S.F. Child Abuse Council, now in its fourth year with funding by the Rosenberg Foundation.

Publications

GILBERT S. GORDAN, Prof. Med.: Co-author of *Clinical Management of the Osteoporoses,* (Publishing Sciences Group, Inc., Mass., 1976).

News Briefs

Emil A. Tanagho was recently appointed chairman of the Urology Division. He has been acting chairman since last spring. Dr. Tanagho is Professor of Urology and a fellow of the American College of Surgeons. A native of Egypt, Dr. Tanagho completed medical studies at the University of Alexandria Medical School. He has conducted research at the University of London and the University of Alexandria where he also was an Assistant Professor of Urology before assuming a similar teaching position at UCSF in 1967.

The Pediatric Hematology Division of UCSF has opened a multi-discipline Hemophilia Clinic to deal with all of the special problems of hemophiliac children, of whom several hundred live in the Bay Area. Marion A. Koerper heads the clinic. Stopping the child's bleeding is only one of its approaches. Special emphasis is given to teaching the children how to live with their handicaps. For those who have a more severe form of the disease - who bleed spontaneously from broken blood vessels under the skin - that means learning to give themselves factor VIII concentrates (normal proteins needed for blood clot formation) by vein, often as frequently as every other day, by the time they are nine or 10 years old. The UCSF Hemophilia Clinic draws a number of specialties. In addition to Dr. Koerper and Peter R. Dallman, chief of the UCSF Pediatric Hematology Unit, the clinic provides two nurses who give outpatient transfusions of concentrate, a dentist, and an orthopedic surgeon and two physical therapists who monitor joint motion.

Floral designers from across Northern California will demonstrate the art of flower arranging during the Second Annual Teleflora Design Extravaganza, set for Sunday, March 27, from 12 noon to 5 p.m. in the Grand Ballroom of the Hyatt Regency in San Francisco. Proceeds from the show will benefit the Infant Heart and Lung Research Fund of UCSF. Some fifty top designers will create floral arrangements throughout the afternoon using what Richard Brabham, president of the Northern California Teleflora Unit, describes as a variety of flowers most people have never seen before and will never see again. Tickets at $3.50 each are available at any BASS ticket outlet or at the door. Camera buffs are welcome.

The Chancellor has called for all staff to help limit local use of energy in order to help impacted areas of our country and also to help ourselves. Our goal is energy conservation primarily and savings in costs as a secondary benefit. Regarding electrical energy, please continue to turn off lights in unoccupied rooms, be sensitive to use of electrical equipment, wear warm clothing ead of turning on portable electrical heaters, a follow other suggestions and recommendations in the media and from campus notices. Heating of buildings will be curtailed in accordance with guidelines given by the President, Governor, and Public Utilities Commission. Naturally, patient care and animal care areas will maintain required environments.

The San Francisco Water Department has asked us for a voluntary 10% water use reduction. "Maintenance and Plant Facilities are currently reviewing various research laboratories and hospital equipment areas for possible water reduction, keeping in mind the medical research and patient care responsibilities of the campus," according to Erick K. Erickson, Vice-Chancellor, Administration. Some conservation measures already taken are: stepped up repair of leaky faucets, cutback on outdoor garden sprinkling, and adjustment of toilet flushometer valves and shower heads at student housing.

The new chairman of the Division of Orthodontics is Donald Poulton, Professor of Orthodontics. This appointment was effective January 1, 1977. He replaces Dr. Eugen West, who recently resigned as chairman of the division but will remain as professor of Orthodontics. After graduating from the UCSF School of Dentistry in 1956, Dr. Poulton was awarded a two year fellowship at the National Institute for Dental Research. He was appointed to UCSF faculty in 1958 and started a private practice in Alameda, devoted exclusively to Orthodontics. A diplomate of the American Board of Orthodontics he is past president of the California State Society of Orthodontics.

Names of faculty members, students, and staff employees of UCSF who have performed outstanding service to the campus community at large are eligible for receipt of the Chancellor's Award for Public Service. The awards are given to individuals who have performed outstanding service beyond the scope of their normal job duties. Recommendations are now being accepted. The deadline is April 1.

Three awards are made each year, two for $500 and one, which has been designated the "Thomas N. Burbridge Public Service Award," for $600, $100 being given by the Black Caucus. Candidates for the Burbridge Award should demonstrate particular contributions to equal education and employment opportunity and to social justice.

For further information call the Chancellor's Office, x2401.

26 Saturday

Division of Urology Grand Rounds. 14th fl. Moffitt. 9 a.m.

28 Monday

Community Services Health Fair Meeting. To plan Community Health Fair slated for May 14. All interested parties invited to attend. 214 S. 3-5 p.m.

CVRI Seminars and Conferences: *Small Blood Vessels of the Lung.* Sidney S. Sobin, Prof. Physiol., CVRI Lab., Schl. Med., USC 1364 S. 4-5:30 p.m.

Deadline for registration is today for the Human Sexuality Program's Social Enhancement Course. Call x4623.

Disaster—Are We Ready

Today at noon in Cole Hall, there will be a convocation sponsored by the UCSF Disaster Preparedness Committee. A tape of simulated news broadcasts of an earthquake in S.F. made by KSFO radio will be played. The status of disaster planning at UCSF will be discussed and the upcoming disaster drill, March 11, will be explained. The entire campus community is invited to attend this important convocation.

For the March 11 drill, volunteers are needed to be injured individuals. Those interested contact Marie Simmons, x1655. For further information see front page, Newsbriefs.

1 Tuesday

Ob/Gyn Grand Rounds: *Current Concepts in the Use of Oral Contraceptives.* Speaker to be announced. 1364 S. 9 a.m.

Time Management

Time Management. A workshop offered by the Organizational Development Unit. To enroll call x4032. 9 a.m.-noon March 1-3.

Psychiatry Grand Rounds: *Clinical Applications of Research on Human Facial Emotions.* Paul Ekman, Prof. Psychr. 303 HSW. 11 a.m.-12:30 p.m.

Obstetrics, Pediatrics and Anesthesiology Conference. Robert Creasy, Assoc. Prof., Ob/Gyn; Joseph Kitterman, Assoc. Prof. Rsd., Ped. & CVRI; Sol Schnider, Prof. Anes., Ob/Gyn. 1486 M. Noon.

Practical Philosophy — The Logics: *Psychologic; Subjective & Objective Aspects of Truth; Trends of Current Neuro-physiology.* Chauncey D. Leake, Sr. Lec., Hist. Hlth. Sci. & Pharmacol. 214 S. Noon.

International Folkdancing. Led by Dean Linscott. Everyone welcome. No partner needed. MU Gym. Noon-1:30 p.m. Free.*

Public Tour of the Campus. For further information call x4394. Begins in the lobby of Medical Sciences. 1-2:30 p.m. Free.*

Hospitals and Clinics New Employee Follow-Up Orientation Program. Refreshments, movie, tour of hospitals facilities. Discussion of employee roles in the health care system. For further information call x3022. 1319 M. 1-3:30 p.m.

Biochemistry/Biophysics Seminars: *Induction of Drugs and Macromolecules into Cells Using Lipid Vesicles.* Demetrios Papahadjopoulos, Res. Prof. Exper. Bio., Roswell Park Memorial Inst. 302 HSW. 4 p.m.

Funding News

DEADLINES:

American Cancer Society, Inc. Research and Clinical Investigation Grants. Deadline: April 1.

Epilepsy Foundation of America. Training Grants and Fellowships in Vocational Rehabilitation. Deadline: April 15.

American Academy of Pediatrics. Fellowships for the support of pediatric residents. Deadline: April 1.

FOUNDATION OPPORTUNITIES:

The Debakey Medical Foundation. To foster and encourage medical education and training and to promote medical research.

The Spencer Foundation. Behavioral science research in education. Studies in behavioral biology.

PROCESSING PROCEDURE:

The Contracts and Grants Worksheet (Form F-179001) is required for all grants and fellowships. At least 10 working days before the Foundation/Agency deadline, the worksheet and proposal should be sent to the appropriate Dean. After obtaining the Dean's signature, seven copies of the worksheet plus one extra copy of the proposal should be sent to Gifts & Endowments Office.

For further information call Phil Barca, x4394, Office for Research and Analysis of Private Funding Sources.

*** Open To The Public**

2 Wednesday

Dermatology Grand Rounds. Presentation of slides. VA, Bldg. 200, Rm. A-125. 8 a.m.

Division of Urology Grand Rounds. 14th fl. Moffitt. 8 a.m.

Endocrinology Seminar: *Changes in Anterior Pituitary Secretion Following Electrical Stimulation of the Brain in the Rhesus Monkey.* Scott Monroe, Asst. Prof. Ob/Gyn. 758 S. 9 a.m.

Dept. Pediatrics, Chief of Service Rounds. 666 M. 9 a.m.

Medical Grand Rounds. Cole Hall. 10:30 a.m.-noon.

Brown Bag Tours: *Emergency.* For further information call x4394. 664 S. Noon. Free.*

Anatomy Department Seminars: *Effects of Hypogravity in Earth Orbit on Rat Bones and Teeth.* C.W. Asling, Prof. Anat. 1309 HSE. Noon.

Politics of Health — Health Policy Seminar: *Organized Interest Groups: Axe-Grinding, 1977.* Philip R. Lee, Prof. Soc. Med., Hlth. Policy Prog. & Amb. & Comm. Med. 721 N. 2-4 p.m.

Physiology Seminar: *Pharmacological Probes in Elucidation of Microtubule Structure and Function.* Leslie Wilson, Assoc. Prof. Biochem., UCSB. 758 S. 4:10 p.m.

Child Neurology Conference. 666 M. 4:30 p.m.

Division of Urology — Pediatric Urology: *Prune Belly Syndrome.* Emil A. Tanagho, Prof. Sur. & Urol.; Carolyn Piel, Assoc. Prof. Ped. 14th fl. Moffitt Solarium. 4:30-6 p.m.

Radiology Grand Rounds: *Radiologic Features of Vasculitis.* James Nelson, Assoc. Prof. Radiol., U Utah. 303 HSW. 5 p.m.

3 Thursday

Pediatric Grand Rounds: *Transient Hyperammoniemia in the Newborn Child.* Roberta Ballard, Chief Ped. & Dir. Newborn Ser., Mt. Zion. *Hemifacial Microsomial Syndrome.* Egil P. Harvold, Prof. Dentistry & Chrmn. Cntr. for Craniofacial Anomalies. 664 S. 8:30 a.m.

Assembly of the Academic Senate. Lipman Rm., Barrows Hall, UCB. 10 a.m.

Noon Film Series: *Marx Brothers Festival* with excerpts from Duck Soup. *Highlights of Horror* with excerpts from Hunchback of Notre Dame, The Cat and the Canary, and The Phantom of the Opera. Cole Hall. Noon. Free.*

Pulmonary Grand Rounds. 1319 M. 1:30-3 p.m.

Division of Urology — Urologic Physiopathology: *Renal Function with Obstruction or Infection.* James Karol. 14th fl. Moffitt Solarium. 4:30-6 p.m.

4 Friday

Clinical Conference of the Child and Adolescent Service: *Concepts in Infantile Autism — Current Research.* Peter Tanguay, Asst. Prof., Child Psychr., UCLA. 303 HSW. 9:30-11 a.m.

Primary Care Lecture Series — Diagnosis and Management of Commonly Encountered Clinical Problems: *The Use of Antibiotics in Commonly Encountered Ambulatory Patient Problems.* Judy Jones, Asst. Clin. Prof. Med. & Amb. & Comm. Med. *Practical Aspects of the Management of the Patient with Rheumatoid Arthritis.* Wallace Epstein, Prof. Med. & Soc. Med., Schl. Med., & PF. 455 A. 11 a.m. - 1:15 p.m.

Pharmaceutical Chemistry Seminars: *On the Total Synthesis of Aphidicolin, a Novel Tetracyclic Diterpene.* Robert E. Ireland, Prof. Dept. Chem., Calif. Inst. Tech. 1364 S. 11 a.m.

Reproductive Biology Seminar: *Dopamine: A Physiological Prolactin Inhibitory Factor.* Richard I. Weiner, Asst. Prof. Rsd., Ob/Gyn. 1486 M. Noon.

Cole Hall Cinema: *Peter Pan.* 75c Children under 14; $1.25 UCSF Students, MU Members, Senior Citizens; $1.50 UCSF Employees, other Students; $1.75 General. Cole Hall. 6:30 & 8 p.m.

Mule Team Hoe Down. Square Dancing, community singing, peanuts and beer with Outdoors Unlimited friends. UCSF Students free, others $1. Everyone is invited. MU Gym. 8 p.m.

5 Saturday

Division of Urology Grand Rounds. 14th fl. Moffitt. 9 a.m.

6 Sunday

Bicycle Repair Clinic. Object is to help you fix your bike yourself. For further information call Darryl Skrabak, 665-5715. MU Plaza. 10 a.m. to late afternoon.

7 Monday

Hospitals and Clinics New Employee Orientation. Refreshments, exhibits, slide presentation, guide to entering the UCSF system. Veteran employees are welcome to attend. For further information call x3022. 1319 M. 1-2:30 p.m.

CVRI Seminars and Conferences: *Discoidal Plasma Lipoproteins: Origins, Properties and Postulated Fuctions in Cholesterol Transport.* Robert L. Hamilton, Assoc. Prof. Rsd. Anat. 1364 S. 4 p.m.

The Psychoanalytic Clinic of the S.F. Psychoanalytic Institute Conference: *The Intrapsychic Meaning of the Marijuana and LSD Experience.* No reservations are needed. Cole Hall. 8 p.m. Free.*

Extended Programs in Medical Education

For registration information call x2483. For program information call x4251.

Ophthalmic Plastic Surgery. Presented with the Department of Ophthalmology. Emphasis is on the practical aspects of the diagnosis and treatment of disorders of the eyelid, orbit, and lacrimal drainage system. March 3-4.

Diagnostic Nuclear Imaging. Presented with the Department of Radiology, Section of Nuclear Medicine. Focus will be generally on nuclear imaging procedures. March 5-6.

Utilization Review in Hospitalized Patients. Presented with St. Francis Memorial Hospital, S.F. and the S.F. Peer Review Organization, Inc. Aims to prevent some of the difficulties encountered in the areas of hospital administration. March 5.

Diagnostic Radiology. Presented with the School of Medicine, Department of Radiology. Designed to provide a survey of selected subdivisions of diagnostic radiology for the radiologist in clinical practice. March 7-11.

A Practical Course in B-Scan Ultrasound. Presented with the Section of Diagnostic Ultrasonography of the Department of Radiology. Offers a survey of currently used techniques in B-scan ultrasonography. March 12-13.

Fifth Annual Consultant's Course in Dermatology. Presented with the Department of Dermatology. An intensive course directed to problems in dermatology as seen in practices having a significant number of consultant-type patients. March 29-April 2.

8 Tuesday

Ob/Gyn Grand Rounds: *Normal and Abnormal Androgen Metabolism in Women.* Howard L. Judd, Assoc. Prof. Repro. Med., UCSD. 1364 S. 9 a.m.

Psychiatry Grand Rounds: *Biological Aspects of Depression.* Steven Lay, Rsd., Psychr. 303 HSW. 11 a.m. - 12:30 p.m.

Obstetrics, Pediatrics and Anesthesiology Conference. Robert Creasy, Assoc. Prof., Ob/Gyn; Joseph Kitterman, Assoc. Prof. Rsd., Ped. & CVRI; Sol Schnider, Prof. Anes., Ob/Gyn. 1486 M. Noon.

Practical Philosophy — The Logics: *Symbolic & Mathematical Logic; Cybernetic Logic; Theory of Feed-Back Control of Internal Steady State; Cybernetic Logic; Digital & Analog Computers.* Chauncey D. Leake, Sr. Sci., Hist. Hlth. Sci. & Pharmacol. 214 S. Noon.

International Folkdancing. Led by Dean Linscott. Everyone welcome. No partner needed. MU Gym. Noon-1:30 p.m. Free.*

Public Tour of the Campus. For further information call x4394. Begins in the lobby of Medical Sciences. 1-2:30 p.m. Free.*

Biochemistry/Biophysics Seminars: *Heterogeneity in Spacer Regions of Drosophila Ribosomal RNA Genes.* Kathleen E. Diamond, Grad. Stud. 302 HSW. 4 p.m.

Outdoors Unlimited/Wilderness Exchange Quarterly Get Together. Includes two feature films, John Muir's *High Sierra* and *Solo.* MU Faculty Club. 7 p.m. Free.*

Upcoming!

The Human Sexuality Program, School of Medicine is offering once again the course "Health Aspects of Human Sexuality," March 18-20. For more information call x4787.

Continuing Education in Nursing is offering the course, "Rehabilitation Nursing." March 29-30. For program information call x1817. For registration information call x2483.

S.F. Regional Tumor Foundation is offering "Continuing Education Program in Tumor Immunology — Clinical Application." It encapsulates and updates information to physicians and nurses, relevant to the clinical application of immunology in the management of patients with malignant disease. 9 a.m.-1 p.m. March 26. For further information call 221-2132.

9 Wednesday

Division of Urology Grand Rounds. 14th fl. Moffitt. 8 a.m.

Dermatology Grand Rounds: *Experimental Models for Depigmentation.* Gerald Gellin, Asst. Clin. Prof., Derm.; Joao Mansur, Clin. Affiliate, Dept. Derm. 326 S. 8:10 a.m.

CONFLICT MANAGEMENT

Conflicts: Managing & Resolving Them. A workshop offered by the Organizational Development Unit. To enroll call x4032. 8:30 a.m.-4:30 p.m. March 9 & 10.

Dept. Pediatrics, Chief of Service Rounds. 666 M. 9 a.m.

Endocrinology Seminar: *Thyroidal Induction of the Na^+ pumps: Role in Thermogenesis.* Isadore Edelman, Prof. Med., CVRI. 758 S. 9 a.m.

Medical Grand Rounds. Cole Hall. 10:30 a.m.-noon.

Brown Bag Tours: *Metabolic Research Unit.* For further information call x4394. 664 S. Noon. Free.*

Anatomy Department Seminars: *Studies on the Membranes of Parotid Secretory Granules.* David Castle, Postdoc. Fellow, Dept. Chem., UCB. 1309 HSE. Noon.

Politics of Health — Health Policy Seminar: *California: Politics of Health in Fantasyland, 1977.* Speaker to be announced. 721 N. 2-4 p.m.

CVRI Conferences on Membrane Biology and Biophysics: *Ionic Stabilization of Helix in Lipoproteins.* John Kane, Asst. Prof. Rsd., Med. & CVRI. 1319 M. 4 p.m.

Physiology Seminar: *Mechanism of Mitosis: Possible Involvement of Actin and Myosin in Chromosome Movements.* Zack Cande, Asst. Prof. Botany, UCB. 758 S. 4:10 p.m.

Child Neurology Conference. 666 M. 4:30 p.m.

Division of Urology: *Genito-Urinary Trauma.* Ronald B. Brown, F.R.C.S., F.R.A.C.S., Melbourne, Australia. 14th fl. Moffitt Solarium. 4:30-6 p.m.

USRS & Social Security

The Benefits Section of the Personnel Department is now scheduling appointments with Social Security Transfer Counselors for those UCRS members who did not coordinate with Social Security last year and who wish to review their individual situations with one of the counselors prior to the Transfer Opportunity in April. Call x1280 to make an appointment.

10 Thursday

Pediatric Grand Rounds: *Management of High Risk Pregnancy.* Robert Creasy, Assoc. Prof. Ob/Gyn; William Parer, Assoc. Prof. Ob/Gyn; Rodric Phibbs, Assoc. Prof. Ped. 664 S. 8:30 a.m.

Department of Psychiatry Special Lecture Series: *Adverse Response to Neuroleptics in Schizophrenia — A Psychoanalytic Perspective.* Donald B. Nevins. 214 S. Noon-1 p.m.

Pulmonary Grand Rounds. 1319 M. 1:30-3 p.m.

Biochemistry/Biophysics Seminar: *The Transformed Cell.* James D. Watson, Dir., Cold Spring Harbor Lab. 301 HSW. 4 p.m.

Division of Urology-Nephrology: *Mechanism of Action of Diuretics.* Floyed Rector, Prof. Med. & Sr. Sci., CVRI. 14th fl. Moffitt Solarium. 4:30-6 p.m.

11 Friday

Anesthesia Lecture

The Stuart C. Cullen Visiting Professor of Anesthesia is Samuel Powers, Prof. & Chrmn. Dept. Surgery, Albany Medical Col., Albany N.Y. The talk is entitled *Factors Influencing Peripheral Oxygen Utilization Following Trauma.* HSW 303. 8:30 a.m.

Clinical Conference of the Child and Adolescent Service. 303 HSW. 9:30-11 a.m.

Pharmaceutical Chemistry Seminars: *Experimental and Theoretical Approaches to the Structure of Carbocations in the Gas Phase.* Warren Hehre, Assoc. Prof. Dept. Chem., UCI. 1364 S. 11 a.m.

Primary Care Lecture Series — Diagnosis and Management of Commonly Encountered Clinical Problems: *Rational Therapy for Peptic Ulcer Disease.* David Watts, Asst. Prof., Med., GI Outp. *A Rational Approach to Respiratory Therapy.* Michael Stulbarg, Asst. Clin. Prof. Med. 455 A. 11 a.m. - 1:15 p.m.

Reproductive Biology Seminar: *Some Structural Features of Gamete Preparation for Fusion.* Daniel S. Friend, Assoc. Prof. Dept. Path. 1486 M. Noon.

SFGH

26 SATURDAY
Urology Rounds. Rm. 3A-18. 8:30 a.m.

1 TUESDAY
Pediatric Grand Rounds: *Sexual Abuse of Children.* (See Newsbriefs this page). Path. Aud. 8:30 a.m.

Medical Grand Rounds: *Hypophosphatemia.* Faith Fitzgerald, Asst. Dir., SFGH Med. Ser. Path. Aud. 11 a.m.

2 WEDNESDAY
Pediatric Conference: *Medical Aspects of Sexual Abuse of Children.* Bert Schloss, Central Emer. Hosp. Dept. Public Hlth. Rm. 4H2. 11 a.m.

3 THURSDAY
Neurology-Neurosurgery Grand Rounds: Rm. 4H-21. 8 a.m.

Trauma Conference. Samuel Powers, Prof. & Chrmn. Surg., Albany Med. Cntr. Hosp., Albany, N.Y. Surg. Amph., Bldg. 1. 8:30 a.m.

S.F. Family Forum: *Ethics and Professionalism in Marriage - Family and Child Counseling.* Carmen Lynch, MSW, Dir., Synergy. Path. Aud. 11 a.m.-12:30 p.m.

Pediatrics Conference. Case discussion by Richard Brown, Dir. Youth Ser., Children's Hosp., S.F. Rm. 6M-14. Noon.

5 SATURDAY
Urology Rounds. Rm. 3A-18. 8:30 a.m.

8 TUESDAY
Pediatric Grand Rounds: Path. Aud. 8:30 a.m.

Medical Grand Rounds. Clin.-Path. Conf. Holly Smith, Prof. & Chrmn., Dept. Med., UCSF. Path. Aud. 11 a.m.

10 THURSDAY
Neurology-Neurosurgery Grand Rounds. Rm. 4H-21. 8 a.m.

Trauma Conference. Surgery Amph., Bldg. 1. 8:30 a.m.

VA

14,21 MONDAY
Neurology-Neurosurgery Rounds. Ward 2 CD Conference. 10-11 a.m.

15 22 TUESDAY
Medical Grand Rounds. Aud. 10:30 a.m.

16,23 WEDNESDAY
UCSF Medical Grand Rounds via closed-circuit TV. A 125. 10:30 a.m.

18,25 FRIDAY
Cardiothoracic Grand Rounds. Room A 125. 8 a.m.

SFGH Briefs

A workshop on "Policies and Procedures Manual: Its Structure, Use and Future" will be held in Room 2A6, SFGH, Wednesday, March 16 from 10 a.m. - noon. Joanne Soued, coordinator of the manual is instructor for this no-fee session. To enroll, call x2898.

Sexual Abuse of Children will be the topic of a discussion planned for Pediatrics Grand Rounds, Tuesday, March 1, 8:30-10 a.m. in the Pathology Auditorium, SFGH. Participants are Lois Dolan, Coordinator, S.F. Sexual Trauma Center, located at Central Emergency Hospital; Margaret Harrer, Research Director, Project on Child Victims of Sexual Assault, Queen's Bench Foundation; Martin Glasser, Staff Child Psychiatrist, SFGH; and Kathy Baxter, Director, S.F. Child Abuse Council. A film, "Incest: The Victim Nobody Believes" will be shown. Delmer J. Pascoe, UCSF Clinical Professor of Pediatrics and Chief of the SFGH Children's Health Center, arranged this special program. Dr. Pascoe reports that beginning March 15, patients 12 years and under referred to the S.F. Sexual Trauma Center, will be brought to the SFGH Pediatrics service for treatment.

VA Brief

Sickle Cell Anaemia — a poster demonstration entitled "Ultrastructure of Sickling and Unsickling *In Vivo:* Time Lapse Correlations" by Joan A. Hahn, Biological Lab Technician, VA; Michael J. Messer, Assistant Professor of Medicine, UCSF; and Thomas E. Bradley, Professor of Medicine, UCSF and Chief, Hematology Section & Associate Chief of Staff, Research and Development with the assistance of Jack T. Quan, Chemist of the Cell Biology and Hematology Sections of the Research Service, VA Hospital was awarded first prize in the Biological Section at the Northern and Southern California Societies for Electron Microscopy 8th Western Regional Meeting of Electron Microscopists, February 10-12, 1977 at Hyatt Regency, S.F. The demonstrations were judged for scientific, technical, and photographic qualities.

The SFGH Shuttle Bus now departs from the parking lot off 22nd Street ajacent to the new SFGH Medical Center Building. At UCSF, it departs from the North side of Parnassus Ave. in front of the Housing Office, Millberry Union. Except for the first a.m. and last p.m. round trips from the campus, the bus travels via Far West Labs, 15th & Folsom Sts. For schedules and information contact the Business Services Office, UCSF, 1279 Third Ave., Ext. 1511.

Women seeking a better understanding of menopause are invited to sign up for a series of free Self-Health classes conducted by Community Health Educator, Verna Pedrin, of the Women's Clinic, SFGH. The Women's Clinic is under medical supervision of the UCSF Department of Obstetrics and Gynecology. Advance registration is required for the classes, which are limited in size. The next series of four two hour weekly sessions will begin Thursday, March 3, from 10 a.m. to 12 noon at the Women's Health Center, 3789 24th St. at Church. For more information call 565-8166.

Deadline for the next issue of **Today/Tomorrow** which will cover the events from March 12-25 will be Tuesday, March 1, 11 a.m. Please send your copy to Allen Balderson, News Services Department, 1475 4th Ave.
